MISSION STATEMENT

Our purpose at Mamba, is to improve the lives of all those around us. We commit ourselves to providing the best standard of service and the highest quality products to all those we serve.

Our culture is based on a unwavering belief in honesty, integrity, moral values, fair dealings and good business practise.

**We live up to our responsibility of making Edenvale and the surrounding areas safer for all.
It is our choice to limit the size of our area allowing us to nurture our reputation by delivering a more personalised service and be the leaders in our industry.**

We work in unison as a team for the benefit of each other by embracing our strengths and differences through constant recognition, proudly going home at the end of the day knowing that we have made a difference in someone else's life.

It is our passion to be the security company of choice in our community.

Armed Response

Mamba Security is known for our caring, fast, professional response to our clients. Over the years we have had the pleasure of arresting hundreds of criminals and recovered many stolen vehicles. We are proud to have saved a fortune of goods from being stolen from our clients, and we are honoured to have saved countless lives. We are known for industry leading response times and our track record ensures our clients feel secure. Our reaction officers have also helped with rescuing kittens out of trees, to delivering babies. Our purpose is to help you whenever we can!

We THANK YOU for the opportunity to present our services and look forward to working with you in the near future!

Dedicated Vehicles

Mamba believes that effective mitigation of crime begins with area dedicated Armed Response vehicles. These vehicles maintain high visibility in a small defined area which also leads to the best response times.

These vehicles have state of the art technology which includes dash cams as well as auto-dispatch devices, linked live to the Mamba Control Centre.

Special Operations Unit

CHASE, SHOOTOUT, SUSPECTS ARRESTED

Our Special Operations Unit was patrolling in Croydon when they received the alert and immediately headed towards Hurlyvale. Special Operations Commander, Joconiah, noticed a blue Hyundai i20 skip a red robot and proceed into oncoming traffic. Joconiah did a u-turn and the chase was on.

The vehicle headed towards Illiondale when a passenger pulled out a firearm and fired shots at him. He returned fire hitting the vehicle's right rear tyre, slowing the suspects down to a halt. Four suspects then exited the vehicle and fled into a residence in Macnab St.

Mamba Reaction Officers, EMPD, SAPS, a SAPS Chopper and the K9 unit responded and the chase ensued in full force while the suspects jumped from house to house. All 4 suspects were found and arrested.

Thank you to Joconiah "Sniffer Dog" and his special operations team for their dedication and commitment and for once again, putting away criminals!

K9 Unit

Mamba was approached by Sebenza SAPS for assistance in searching for narcotics at Cresslawn Primary School.

Tania (a.k.a Wonder Woman) provided assistance, searching all the classrooms and ablutions for grade 6 and 7. An unknown substance disguised in paint was detected as well as drug related paraphernalia. As a result, two students were detained and their parents were contacted for further action.

The school was pleased with our services.

Medical Response

Abandoned baby rescued

An infant was left in a box at a school in the Edenvale Avenues. Lanie (Mamba Counselor) was the first to find out about the baby and called the Mamba Control Centre for assistance

EMER-G-MED was dispatched for medical assistance. After doing a medical examination of the baby, it was determined that the baby is in good health.

WhatsApp Emergency Groups

Only emergency issues are communicated.

These groups are monitored 24 hours a day by the Mamba Control Centre.

Management also monitors these WhatsApp groups

Alerts from these groups have led to the successful arrest of suspects.

WhatsApp Tribal Talk Groups

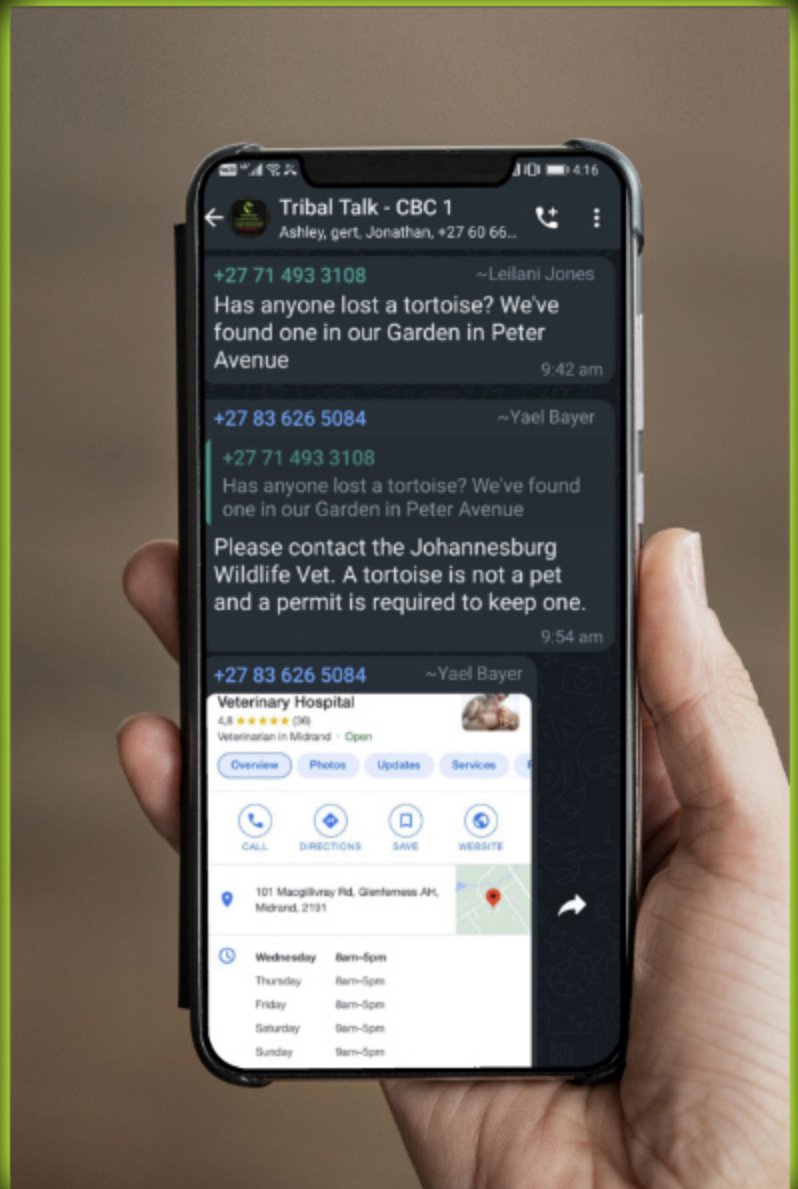

The Tribal Talk WhatsApp groups have proven to be successful in uniting communities.

These groups have been used for pets being found, jobs being offered, to recommending plumbers needed in an emergency.

We encourage you to use this platform to connect and help one another to build better stronger communities.

The community can be communicated with regarding general issues, like load shedding, missing animals, noise disturbance and many other general issues.

These groups are not monitored by the Mamba Control Centre, however, they are monitored by Mamba management.

Corporate Guarding

Following a full risk assessment of a potential clients premises, we customise a solution that best suits our clients needs.

Guarding has proved to be an effective solution in securing our clients premises by incorporating access control, site patrols and the use of various state of the art technologies.

Client specific Standard Operating Procedures (SOP) are compiled in conjunction with our clients. Security officers receive training on those procedures. Following a comprehensive employment process which includes background checks, psychometric testing and emotional stability assessment, amongst other things, security officers best suited to that specific client are identified and deployed.

A guarding manager is allocated to each client and carries out regular formal meetings and site inspections in order to implement and maintain superior service delivery standards.

A number of employee reward programs and incentives are in place for our staff, ensuring that they are recognised for their dedication and commitment to our clients.

Secure Estates

The number of secure estates has grown immensely over the past years and will continue to do so going forward. These estates have very specific requirements when it comes to maintaining the integrity of their security.

Mamba works very closely with the committees to develop and recommend innovative ways in which the safety and security of the residents can be enhanced.

Technology

Mamba offers cutting-edge security guard services that integrate the latest technology to provide unmatched protection for businesses, events, and communities. The perfect blend of human expertise and advanced tech ensures real-time monitoring, swift incident response, and proactive security measures.

Our system links scanned vehicle license disks and driver's licenses to our comprehensive database of wanted and known criminals. This ensures an effective measure in preventing their entry into our client's premises.

#JOINTHETRIBE

Live Patrol System

Mamba's Live Patrol System redefines guard checkpoints by combining advanced technology with vigilant guards. As guards patrol, the system scans checkpoints, instantly alerting the control center if any issues arise.

This proactive approach enhances security, minimises response times, and ensures comprehensive surveillance for your peace of mind. Discover the future of protection with Mamba's Live Patrol System.

Road Closures

Mamba Guarding has been the service provider of choice, currently servicing the majority of road closures in our footprint.

A range of vehicle barriers and access control facilities are available for security enclosures, allowing customisation of your security enclosure according to your community's needs.

Build your security plan through a variety of products including pedestrian barriers, spiked vehicle barriers, speed bumps, traffic islands, card readers, turnstiles and biometrics.

Our teams are able to create a custom CCTV solution for your enclosure, whether you require cameras for site overview, or Smart Camera Network with License Plate Recognition (LPR).

Road Closures

At Mamba, we prioritise the safety and security of our residents above all else. That's why we actively collaborate with members of our road closure committees, working hand in hand to establish and maintain the highest level of security measures. By fostering a close partnership, we ensure that every aspect of our security protocols aligns with the specific needs and concerns of our community members. With Mamba and our dedicated road closure committees working together, residents can rest assured that their safety is in capable hands.

Mamba can help with collecting contributions and handing them over to the committee if required.

Example of a Contributor Board

Schools

Mamba understands the sensitive nature of security at schools and only deploys specially trained and selected security officers who not only understand their role as a security provider, but also the personal approach in dealing with our children.

Effective strategies are implemented to secure the entire premises, with special attention being paid to high risk areas like admin and computer centres.

Scooters

Scooter Guards have radio communication with our control centre and can be quickly and efficiently dispatched to investigate any suspicious activity, benefitting from the backup of our large fleet of armed response vehicles

They are the eyes and ears of our Armed Response Officers and Tactical Teams

They get to know the neighbourhood and build a network of informants, ensuring that they have a good understanding of the areas in which they are deployed

Scooters have tracking systems installed

Scooter Guards Arrest a Wanted Man

On Thursday, 14 September 2017, a suspect that evaded the police for 3 days was spotted by Mamba ECID Scooter Guard, Trevor, in Edenvale. The suspect was wanted in connection with theft of goods to the value of R30 000.00 and selling of stolen property to various pawn shops in Edenvale. Trevor our ECID Scooter Guard, used his vast network of informants to launch an investigation into sourcing the whereabouts of the suspect. On receiving information of the suspects location, he worked closely with Reaction Officer, Petrus, along with back up from Shift manager, Brett and the Special Operations Unit, found the suspect hiding in Horwood's farm. He was arrested and handed over to SAPS.

AD HOC

Over and above the specialised guarding services provided by Mamba, we are also able to assist with ADHOC guarding services, in order to ensure that your party, corporate function, wedding etc goes off without any security related glitches. We can provide competent ADHOC guarding services for anything from a few hours to a few weeks.

Mambas ADHOC guards are posted on sites fully equipped with batons, handcuffs, panic system and handheld radio communication with our locally based control centre.

Our large fleet of armed response vehicles provide immediate backup for our guards in the event of any emergency situation.

Training Academy

Mamba Guarding has its own dedicated training centre, that facilitates various training activities, including:

- **Security training Grade E-A**
- **Learnership training**
- **Self-defence training**
- **Knife self-defence training**
- **Hijack prevention training**
- **Close Combat Tactical Shooting**

Community training can be arranged to take place at your premises.

Our Training Academy offers the benefit of our learnership program to our clients. Our learnership program offers the opportunity for unemployed youth to enrol in our 9 month learnership program, and in so doing obtain their Grade E to C PSIRA gradings, and the opportunity to gain full time employment in the security industry. We hand-select the top students who complete their Grade-E PSIRA training with us, to enter into our learnership program for the completion of their Grade C training. All Learners are PSIRA registered and have completed their Grade-E (patrolling) PSIRA grading.

They also undergo additional SASSETA curriculum training, in addition to the PSIRA requirements.

NEIGHBOURHOOD SECURITY FORUM

Mamba hosted a Neighbourhood Security Forum where information on safety for domestics was presented. Mamba Managers Daniel and Josias discussed examples of incidents where domestics were in danger or where a domestic was the reason a suspect was apprehended. Tips that related to these incidents were given to the domestics. Sgt. Jacob Mashile (Edenvale SAPS communications officer) from SAPS stressed the fact that the domestics are the community's eyes and ears and need to be aware that they too can be a target. We urge our local domestics to stay safe and know how to report suspicious activity.

Dear Jonathan

We are deeply grateful for your partnership

On behalf of LITTLE EDEN Society and our 300 residents, I express my heartfelt gratitude for your invaluable support. Your recent provision of a gate guard on our premises, pro bono, has gone a long way in ensuring the safety and security of our vulnerable residents as well as our staff.

The generosity and kindness of *Mamba Strike Force* over the years, has had a significant and positive impact on the daily operations of our Society, and it is with great appreciation that we acknowledge this partnership. It is through the selfless support of organisations such as *Mamba Strike Force*, that we are able to provide a safe and nurturing environment for our residents for which we are grateful.

We sleep soundly at night knowing that *Mamba Strike Force* looks after our residents' well-being and safety, thank you once again.

May you all be abundantly blessed as you celebrate *Mamba's* birthday this month!!

Yours sincerely

*With sincere
thanks and
warm greetings*

TREE OF HOPE

TREE OF HOPE

The Baby Box was created because the East Rand was devoid of any space where parents intent on abandoning their child, could do so safely.

It is estimated that 3,500 babies are abandoned every year in South Africa. What makes this statistic even harder to swallow, is that these are only the figures for the children who survive. Until these abandoned babies have been adopted, the Tree Of Hope desperately needs your help!
